

Solid Waste Regulations

REGULATION	DESCRIPTION	EFFECTIVE DATE
R.61-107.1	SWM: Solid Waste Management Grants, Recycling Education Grants, and Waste Tire Grants Establishes procedures for disbursement of solid waste management grants, recycling education grants and waste tire grants to local governments for solid waste management recycling education.	April 23, 1993
R.61-107.2	SWM: Full Cost Disclosure Applies to all local governments that provide solid waste management services.	April 23, 1993
R.61-107.3	SWM: Waste Tires Permitting/registration requirements for waste tire haulers, collectors, processors, and disposers.	April 23, 1993
R.61-107.4	SWM: Yard Trash and Land-Clearing Debris; and Compost Applies to composting facilities using yard trash and land-clearing debris, and wood chipping facilities that chip untreated wood waste.	April 23, 1993
R.61-107.5	SWM: Collection, Temporary Storage and Transportation of Solid Waste Establishes minimum standards for the collection, temporary storage, and transportation of solid waste prior to processing, disposal, etc. of that waste.	May 28, 1993
R.61-107.6	SWM: Solid Waste Processing Facilities Establishes procedures for solid waste processing facilities, including processing activities of <i>unrecoverable</i> solid waste at a Materials Recovery Facility.	June 23, 1995
R.61-107.7	SWM: Transfer of Solid Waste Establishes standards for facilities where solid waste is transferred from collection vehicles to other transportation units for movement to another solid waste management facility prior to its processing and disposal.	May 28, 1993
R.61-107.8	SWM: Lead Acid Batteries Applies to proper disposal, collection, and recycling of lead-acid batteries and small sealed lead-acid batteries.	June 23, 1995
R.61-107.9	SWM: White Goods Applies to proper management and recycling or disposal of inoperative or discarded white goods.	June 25, 1993

REGULATION	DESCRIPTION	EFFECTIVE DATE
R.61-107.10	SWM: Research, Development, and Demonstration Permit Criteria Applies to solid waste management facilities proposing to utilize an innovative and experimental solid waste management technology or process.	June 25, 1993
R.61-107.11	SWM: Construction, Demolition, and Land-Clearing Debris Landfills Establishes minimum standards for landfills that accept only construction, demolition, and/or land-clearing debris, to include "short-term", "general permit", and "permit-by-rule".	April 24, 1998
R.61-107.12	SWM: Municipal Solid Waste Incineration and Municipal Solid Waste Pyrolysis Facilities Establishes minimum standards for all municipal solid waste incineration facilities, including all municipal solid waste pyrolysis facilities, and resource recovery facilities burning municipal solid waste used for energy recovery.	May 28, 1999
R.61-107.13	SWM: Municipal Solid Waste Incinerator Ash Landfills Applies to landfill units that receive ash from the incineration of municipal solid wastes.	May 27, 1994
R.61-107.14	SWM: Municipal Solid Waste Landfill Operator's Certification Establishes training and certification requirements for operators of municipal solid waste landfills and municipal solid waste incinerator ash landfills.	May 27, 1994
R.61-107.15	SWM: Land Application of Solid Waste Establishes appropriate application rates, frequency of application, and monitoring requirements for the application of non-hazardous solid waste on, or into, soil that is being used for agricultural, silvicultural and horticultural production.	July 26, 1996
R.61-107.16	SWM: Industrial Solid Waste Landfills Establishes three (3) different design standards for non-hazardous industrial solid waste landfills based upon analysis of the waste to be placed in the landfill.	June 26, 1998
R.61-107.17	SWM: Demonstration-of-Need Establishes criteria for demonstrating the need for new and the expansion of existing MSW landfills, MSW incinerators, industrial incinerators, & C&D-Part IV landfills prior to permitting.	June 23, 2000
R.61-107.18	SWM: Off-Site Treatment of Contaminated Soil Establishes criteria for treatment of contaminated soil and soil-like materials which are not hazardous, that have been excavated	May 25, 2001

REGULATION	DESCRIPTION	EFFECTIVE DATE
	and are being treated off-site.	
R.61-107.258	SWM: Municipal Solid Waste Landfills Establishes minimum standards for landfill units that accept municipal solid waste (a.k.a., Sub-title D landfills), and municipal solid waste landfills that accept sewage sludge.	June 23, 1995
R.61-107.279	SWM: Used Oil Establishes standards for used oil generators, collection facilities, transporters, transfer facilities, processors and re-refiners, and burners. Also, the regulation addresses the disposal of used oil and used oil filters.	July 28, 1995

Mining Regulations

REGULATION	DESCRIPTION	EFFECTIVE DATE
R.89-10 thru 350	Mining Regulations Establishes standards and procedures for mining and land reclamation projects, public hearing procedures, appeal of mining permit decisions, and application fees.	April 24, 1992
